

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

The annual meeting of the Vermont Dental society will be held in Burlington May 16, 17 and 18.

The house of State's Attorney W. R. McPeckers in Enosburg Falls was damaged to the extent of \$1,000 by fire Monday.

Marshall T. Butterfield has sold his farm in New Haven, consisting of 315 acres, to Deputy Sheriff Lee Havlin of Winoski.

Mrs. Harriet Beadle died in Brandon May 5 from injuries received a few days before when she fell and broke one hip. She was 92 years old.

E. A. Blake of Island Pond, engineer on the Grand Trunk, retired from service May 1. He had been in the employ of that road for 47 years.

Rolla Towle has planted 12 acres to grain at his farm in South Franklin already and Arlan Towle has finished planting an acre to potatoes.

F. Russell of Burlington is moving the old Hinesburg academy off the site where it had stood for nearly 100 years onto another, where it will be used as a garage.

John Grace of Starkboro has 1,500 bushels of potatoes in his cellar which he has not been able to market because of the impassable condition of the roads to his place.

Low Rathbun of Pawlet, who had several fingers taken off in a corn husker recently, is in a serious condition in the Albany, N. Y., hospital, blood poisoning being feared.

Prof. Ralph C. Jenkins has resigned as principal of Black River academy at Ludlow and has accepted a position as supervisor of the high and graded schools at Terryville, Conn.

Harold Crockett of St. Johnsbury, who failed to pass the United States navy examination, enlisted as a gunner in the Canadian field artillery and sailed last week from Quebec for France.

James McDonnell, a well-known onion grower of White River Junction, has onions up already on a quarter of an acre. He sowed the seed April 23, ten days later than he planted last year.

Ludger Gosselin, who died recently in St. Johnsbury, was the father of 20 children, 14 of whom, with the widow, survive. He was 96 years old. Mr. and Mrs. Gosselin were married 32 years ago.

Twelve medium-sized potatoes were unearthed by H. J. Carpenter in his garden in Rutland, which he was preparing for planting. The potatoes were about a foot under ground and were well sprouted.

What was probably the largest pickerel ever caught with hook and line at St. Albans bay was secured there recently by H. H. Holland of St. Albans. The fish was 46 inches long and weighed 18 pounds.

The Black Cat Textile company will erect at Bennington one of the largest manufacturing plants in that section and work on the building is to commence at once. It will be five stories high and 300 by 85 feet.

Rev. Thomas Ockford, pastor of St. Mary's church in Northfield, has signified his intention of resigning Sept. 1, and has made application to be put upon the pension list from that date. He has been in Northfield for 11 years.

The 23 physicians of Windham county, who have signified their willingness to become members of the reserve officers' medical corps, were examined Wednesday at Brattleboro by a qualified representative of the army medical corps.

Michael Powers, the well-known conductor on the Central Vermont railroad, is quite ill at White River Junction. Mr. Powers has the local run between St. Albans and White River Junction, north-bound in the morning and south bound in the evening.

Walter Grosvenor was badly hurt while riding his bicycle in Middlebury last week, when he was thrown from his wheel and headfirst down an embankment. He struck on the left side of his head and tore his left ear badly, nine stitches being taken to replace it in position.

The new building of the Vermont Chocolate company at Burlington will be ready for occupancy by August 1, it is expected. The company's directors have voted to insure the president's life for \$50,000, the policy being made out payable to the company and the premiums to be paid by it.

One of a pair of fine horses had to be shot in Burlington Saturday night because of a broken leg, caused by hitting the steps of an electric car. The horses were being led behind a wagon when one horse shied at an automobile and struck an electric car which was passing.

A plot of seven acres on the University of Vermont campus has been ploughed up for the use of the high school students who will plant gardens. The city of Burlington will contribute \$500 towards the supervision of school gardens, the total cost being estimated at \$3,000.

David J. Lawlor, chief of the fire department in Bellows Falls, has been appointed superintendent of streets in that place. He will hold the former position only until his successor is appointed. Although Mr. Lawlor knows nothing about road building by experience, the appointment gave general satisfaction.

A group of girls, members of the senior class at Rutland high school, have started a community garden on a half acre of land belonging to the city and intend to do all the work except to plow the tract. They will raise vegetables only, no space being taken for flowers. Misses Rowena Pardon and Eleanor J. Melton, two of the high school faculty, will supervise the work.

Rev. Hugo Perdelwitz, pastor of the Universalist church in White River Junction, who had been out of harmony with

his congregation for some weeks because of different views in regard to the war, has closed his pastorate there and left town.

Mr. and Mrs. Henry Alexander Taylor of Brandon have a record which is thought few can surpass as regards family ties. Mr. Taylor is 78 years of age and Mrs. Taylor is 75. Both are in good health. Mr. Taylor, who is a native of Middlebury, served two years and eight months in the Civil war. Mr. and Mrs. Taylor have 11 children, all married, 65 grandchildren and seven great-grandchildren.

An 11-year-old St. Albans boy has robbed the store of W. H. Colomb in that city at regular intervals, it was discovered Sunday afternoon, when the proprietor remained in the store to learn, if possible, who was tampering with his cash register. The sum of \$4.40 was found in the boy's pocket. The youth admitted that he had crawled into the cellar window in broad daylight many times and taken the change from the register.

Frank G. Pierce on Monday rounded out 30 years as a merchant in one place of business in Bellows Falls, although for 34 years he has been in business in that town. He began the mercantile business in partnership with others in 1883, opened a clothing store for himself in 1885 and in 1887 moved into the building which he still occupies. Charles H. Waite, an employee, was with him when he first engaged in business and is still in his employ.

A handsome piece of glassware is owned by Mrs. Henry Daniels of Castleton. It is oblong in shape with a picture of the old liberty bell in the center with the inscription in raised letters on its cracked side. The dates, 1776 and 1876, on either side of the bell, show that it is a souvenir of the centennial in Philadelphia. The names of the signers of the Declaration of Independence are in raised letters on one side and the words "One Hundred Years Ago" on the other side.

John H. McDowell of Burlington, a surviving partner in the architectural firm of McDowell, Henderson & Mercer, has filed a petition in the office of Clerk F. S. Platt of the United States court, asking that the firm and he as an individual be adjudged bankrupt. He gives the firm's liabilities as \$6,271.35 and the assets as \$7.27. His own debts are placed at \$10,868.83 with assets of \$2,600, of which \$800 is claimed exempt. There is an entry of \$3,200 in favor of Peter Henderson of New York and a like amount for James H. Mercer of New York as "damages connected with dissolution of partnership."

Conditions in Bennington in regard to school matters are somewhat unsettled. P. S. Emerson, the instructor in manual training, has been released at the request so that he may work in a munition plant. At least one-half of the pupils in the department had already left to work upon farms, so the department was closed. The teachers in the schools have asked for a 15 per cent raise in salaries and this would require an increase of eight cents on a dollar in taxes. Fuel, books and all school supplies have increased greatly in price and the janitors' salaries have also been raised. Next year \$5,000 of debt is due and this with interest and insurance makes a problem for the school trustees and taxpayers to solve.

GREAT REJOICING BY RHEUMATIC CRIPPLES

If So Crippled You Can't Use Arms or Legs Rheuma Will Help You or Nothing to Par.

If you want relief in two days, swift, certain, scalding relief, take one-half teaspoonful of Rheuma once a day.

If you want to dissolve every particle of uric acid poison in your body and drive it out through the natural channels so that you will be forever free from rheumatism, get a 50-cent bottle of Rheuma from the Red Cross Pharmacy or any druggist to-day.

Rheumatism is a powerful disease strongly entrenched in joints and muscles. In order to conquer it, a powerful enemy must be sent against it. Rheuma is the enemy of rheumatism—an enemy that conquers it every time.

Judge John Barstow of Fort Loraine, Ohio, knows it. He was walking with crutches; today he is well. It should do as much for you; it seldom fails.—Adv.

\$100 Reward, \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, etc.

AT SHERIFF'S SALE

State of Vermont, Washington County, ss. Notice is hereby given that I hold an execution against G. Pinardi in favor of Vincent Catto, administrator of the goods, chattels and estate of Adele Catto, deceased, issued upon judgment rendered by the city court of the city of Barre, in the county of Washington, on the 4th day of December, 1916, for the sum of \$75.67 and that execution has been extended upon the following described property, it being a piece of land near Grant avenue in the city of Barre, described as follows:

Commencing at a point on the land owned by E. E. Powers and formerly owned by E. L. Smith at the northeasterly corner of the pasture formerly owned by William D. Hooker, near the top of the bank, thence south 32 degrees 15 minutes east 60 feet to a point near the top of the bank; thence north 32 degrees 15 minutes east 60 feet to the point of beginning, together with the buildings thereon.

It being the same land and premises deeded to G. Pinardi by Thomas H. Cave, Jr., the 1st day of August, A. D. 1916, and recorded in book 19, page 114, of the land records of the city of Barre.

Notice is hereby further given that by virtue of said execution and by the direction of E. R. Davis, attorney for the creditor in said cause, unless said amount, together with costs and interest, together with my fees and legal charges thereon is in the meantime satisfied, I shall sell the above described property with the appurtenances thereto and with the said debtor's right to redeem the same, or so much thereof as may be necessary to satisfy the amount of said execution, interest and costs, at public auction to the highest bidder for the same, at the office of E. R. Davis in the city of Barre, on the 15th day of May, A. D. 1917, at 2 o'clock in the afternoon, to satisfy in whole or in part of said amount of said execution, interest and costs.

Witness my hand and seal, in the county of Washington, the 5th day of March, A. D. 1917.
Attest:
GEO. L. MORRIS, Deputy Sheriff.

DO YOUR BIT

It is the plain duty of every American to put forth his best effort for the betterment of present conditions. If you are unable to serve in the army or navy, you certainly can render an effective service to the country by engaging in farming—even on a small scale as a more extensive scale. We predict this will be the best year the farmer has ever seen and by purchasing a farm now you will share in this prosperity and have the satisfaction of helping to feed the world. Owners might consider exchanging for other property.

No. 1024. Circumstances make it necessary to sell this Pleasant farm at once.
